My question to you now is merely one that tries to put a finer point on the time at which you would have seen it, and I guess that is do you recall having this document with you when you or having had a chance to read it either at the time you were performing your FASB classification project or before? I would assume that I had it in my possession when I did the reclass because the reclass	2 3 4 4 5 6 6 7 8 9 100 111 122 133 144 155 166 177 188 199 200 212 223 244	Q. A. A. Q. Q. A. A. Q. A. A. Q. I think you mentioned at your prior deposition that there were financial pressures on Forbes; is that correct? Yes. What were those pressures? Well, reimbursement continued to decline for Medicare, Medicaid. There were the HMOs that were continuing to reduce their per capita fees. PPOs were entering into the market. By and large the overall reimbursement situation continued to get worse and worse. I believe that many in management felt that they couldn't that Forbes would not be viable over the long term if it didn't find a suitable partner that could give it the economies of scale that it needed. Strike that. Do you know when you came up with these suggestions? I don't know when I came up with them, but I remember having a discussion with Mike Martin about them. I was concerned that it was probably in the fall of '97 when AHERF let go 1,200 employees in Philadelphia, and I became alarmed because when you have that kind of a downsizing it doesn't speak well for the long-term viability of the organization, or at least it gives you a hint there are things that need to be fixed. I sat down and I started writing out ideas that I thought were worth pursuing, and I gave them to him. I don't know what he did with them.

Do you recall learning at the time or in December of 1997 that Charles Morrison had drawn an exception to his statement that the financial statements, quarterly financial statements for Delaware Valley Obligated Group were prepared in compliance with GAAP? A. I don't recall specifically the circumstances under which we got this or reading it, but I see that it evidences this per the certificate. Q. Did you learn at any time in calendar year 1997 that certain parts of unaudited financial statements being presented to PNC were not prepared in compliance with GAAP? A. I don't recall specifically when or how that happened. Q. Do you recall learning at any point while you were senior financial analyst that certain members of AHERF management had alerted you or 	1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	speaking with any members or inquiring with any members of AHERF management about any violations of GAAP that they had informed you of or any members of PNC of? A. I don't recall having those specific conversations with any members of AHERF management, although I was at a meeting with David McConnell; I can't remember the specifics, however, of what was discussed at that meeting. Q. Do you recall ever having any conversations with the outside auditors of any AHERF entities? A. I do not recall having any of those. Q. And, in particular, you have no recollection of any conversation about any GAAP violations with Let me rephrase that. Accordingly, you have no recollection of any conversations with any external auditors of AHERF entities about any GAAP violations

Would this go into the credit file that you referred to? A. Yes. Q. Can you tell what this particular credit information sheet was prepared for? A. The reason for submission on the front page of the credit information sheet, or CIS, is annual review. There's a block that's checked called annual review on the first one. On the second one, there are other blocks checked, including annual review. There's modification of commitment and	1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25	· · · · · · · · · · · · · · · · · · ·

Do you see how for each of the first three pages there are a number of other signatures for Frank Taucher, W. Alex Eliason, C. David Cook, and Frank R. Krepp? A. Yes. Q. Are those the people you referred to earlier who would have to sign credit information sheets like these in order to approve actions mentioned in them? A. Those are the signatories, yes. Q. See how there's a stamp at the bottom that says recorded in the minutes of the market credit committee dated January 28, '98, and it says recording secretary and there's some initials above it? A. Someone's attesting to that. Q. Does that look like the initials FRK? A. Yes. Q. For Frank R. Krepp? A. Correct. Q. To your understanding, was that after he signs off on that that the actions requested in this credit information sheet were approved? A. Yes. Q. And the stamp reflects the creation of minutes after that? A. Yes. Q. And would those minutes reflect the discussions that had occurred between the five signatories? A. No. Q. What would those minutes reflect? A. I'm not sure everything that they would reflect, but a person that's stamping this

- Okay. All right. Did you have any 1 Q. understanding as to the service that was 2
- provided by Coopers & Lybrand as the outside 3
- independent auditors of AHERF? 4
- A. No, again, just in general terms they did an 5 independent audit of the financials. 6
- What was your understanding as to what it meant 7 to have an outside independent audit of AHERF's 8 9 financials?
- Just in general to make sure that no one's 10 Α. cooking the books, that the financials are 11 12
- Q. Do you recall ever seeing a report from Coopers 13 & Lybrand with respect to what they had found 14 in reviewing AHERF's audited financial 15 statements? 16
- Offhand I don't recall. 17 Α.
- Q. Do you recall ever hearing that the auditors of 18 Coopers & Lybrand had found anything irregular 19 in AHERF's financial statements in any respect? 20
- 21 Α. No.

22

- MR. WALKER: Objection, foundation.
- Q. Are you familiar with the term clean opinion as 23 it relates to the audit of financial 24
- 25 statements?

Routine business. 1 A.

- Would it have been routine business if Coopers 2 Q.
- & Lybrand had notified the board that they 3
- found that the financial statements did not 4
- fairly and accurately represent the true 5
- financial condition of AHERF? 6
 - MR. WALKER: Objection, speculative.

- flags if they had been raised by Coopers & 13
- Lybrand? 14
- A. Yes. 15
- MR. WALKER: Same objection. 16
- And that's something that you would have 17 Q. expected the audit committee to address if such 18

- 20 A. Yes.
- That was not something you felt was your 21 Q.
- 23 A. No.

22

- 25 A. Yes.

- No, I mean only what it sounds like it means, Α. 1

- Okay. Did you have an understanding that after 3 Q.

- That's -- you are asking me if that's what the 8

- Q. Okay. All right. And was it your 11

- Lybrand reported that it had found that AHERF's 13
- financial statements fairly represented the 14
- financial condition of AHERF and its 15
- affiliates? 16
- A. I wasn't aware of anything other than that. 17
- Q. Other than that? 18
- 19 A. Yeah.
- Okay. Did you have any view at the time you 20 Q.
- sat on the AHERF board as to the significance 21
- of receiving such an opinion from Coopers & 22
- 23 Lybrand?
- I mean I just thought it was routine. 24 Α.
- 25 Q. Okay.

- And you had mentioned Mr. Gumberg and 1 Q.

 - 7 Α.
 - Do you recall the audit committee of the AHERF 8 Q.

 - 12 A. I don't recall.

 - PriceWaterhouseCoopers issued a press release 19
